- [1] Assessments of penalties included here were recorded in Fiscal Year (FY) 2022 regardless of the tax year to which the penalties may apply.
- [2] Abatements of penalties included here were recorded in FY 2022 regardless of the tax year to which the penalties may apply. An abatement is a reduction of assessed penalties. The IRS may approve an abatement of a penalty for: IRS error; reasonable cause; administrative and collection costs not warranting collection of penalty; discharge of penalty in bankruptcy; and the IRS's acceptance of partial payment of assessed penalty. Numbers and amounts represent only the portion of assessed penalties that were abated.
- [3] Represents penalties associated with the Form 1040 series (individual income tax return series) and Form 1041 (estate and trust income tax return).
- [4] Represents penalties for negligence; substantial understatement of income tax; substantial valuation misstatement; substantial understatement of pension liabilities; substantial estate or gift tax valuation understatement (under Internal Revenue Code section 6662); understatement of reportable transactions (under Internal Revenue Code section 6662A); and underpayment of stamp tax (under Internal Revenue Code section 6653).
- [5] Represents penalties related to federal tax deposits, failure to supply taxpayer identification number, and failure to report tip income.

- [10] Represents penalties associated with Forms 11-C (occupational tax and registration for wagering return); 720 (excise tax return); 730 (excise tax return for wagering); 990 (tax-exempt organization information return); 990-PF (private foundation return); 1041-A (information return of charitable contribution deductions by certain trusts); 2290 (heavy highway vehicle use tax return); 4720 (excise tax return of charities and other persons); 5227 (split-interest trust information return); and 8886-T (disclosure by tax-exempt entity regarding prohibited tax shelter transaction).

Also includes trust fund recovery penalties. Withheld income and employment taxes, including Social Security taxes, railroad retirement taxes, or collected excise taxes, are collectively called trust fund taxes because employers actually hold the employee's money in trust until they make a federal tax deposit in that amount. Trust fund recovery penalties are assessed when these employment taxes are not collected, accounted for, and paid timely. The amount of trust fund recovery penalties credited in FY 2022 was \$808,900,102 and is included in the amount abated.

NOTES:

Detail may not add to totals because of rounding.

Due to continued challenges from the COVID-19 pandemic, IRS provided relief from some penalties in certain circumstances due to delays in IRS remittance processing.

NOTES: Detail may not add to totals because of rounding. Due to the Covid-19 pandemic, the IRS suspended most collection activities, including assessments of many penalties, from March 30, 2020, through July 15, 2020, in order to provide relief to taxpayers and to ensure the health and safety of both taxpayers and IRS employees. Additionally, the closure of IRS offices and service centers led to delays in timely processing of checks or forms received by mail. To provide fair and equitable treatment, IRS provided relief from some penalties in certain circumstances due to delays in IRS remittance processing.

Also includes trust fund recovery penalties. Withheld income and employment taxes, including Social Security taxes, railroad retirement taxes, or collected excise taxes, are collectively called trust fund taxes because employers actually hold the employee's money in trust until they make a Federal tax deposit in that amount. Trust fund recovery penalties are assessed when these employment taxes are not collected, accounted for, and paid timely. The amount of trust fund recovery penalties credited in Fiscal Year 2010 was \$630,573 thousand and is included in the amount abated.

NOTES: Revised September 2007. Detail may not add to totals because of rounding. An abatement is a reduction of penalties due to IRS error, reasonable cause, administrative and collection costs not warranting collection of the amount due, unpaid assessments discharged in bankruptcy, and IRS acceptance of partial payment of unpaid tax assessment in settlement of the balance due. Fiscal year data represent assessments and abatements recorded in a given fiscal year, regardless of the tax year to which the penalty may apply. Abatements for a given fiscal year apply to assessments made in the current or in a prior fiscal year.

** Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

[1] Certain civil penalties have been identified as having been abated due to reasonable cause judgment made by an IRS employee following specific guidelines. Other abatements are made because of a decrease in the underlying tax.

[2] Includes failure to supply taxpayer identification number, failure to report tip income, and miscellaneous.

[3] Represents penalties associated with Forms 1120 (corporation income tax return series); 990-C (farmers' cooperatives); and 990-T (tax-exempt organization business income tax).

[4] Represents penalties associated with Forms 940 (employer's unemployment tax); 941 (employer's employment tax); 942 (household employment tax); 943 (agricultural employment tax); 945 (withheld income tax); 1042 (return of withheld income tax on U.S.-source income of foreign person); and CT-1 (railroad retirement tax).

[5] Represents penalties associated with Forms 11-C (occupational tax and registration, wagering); 720 (basic excise tax return); 730 (wagering tax); 990 (basic tax-exempt organization return); 990-PF (private foundation); 1041-A (trust accumulation of charitable amounts); 2290 (highway heavy vehicle use tax); 4720 (excise tax, charities); and 5227 (split-interest trusts).

[6] Represents penalties associated with Forms 706 (estate tax) and 709 (gift tax).

[7] Represents penalties associated with Forms 1041 (estate and trust income tax); 1065 (partnerships); and individual retirement arrangements (IRA's).

[8] Represents penalties assessable under the Tax Equity and Fiscal Responsibility Act of 1982 and the Tax Reform Acts of 1984 and 1986. Examples include failure to file Form W-2 (wage and tax statement); failure to file proper information returns (such as the Form 1099 for payers reporting interest or dividend distributions); and the penalty for promoting an "abusive tax shelter."

NOTES: Detail may not add to totals because of rounding. An "abatement" is a reduction of tax assessment and related interest and penalties resulting from excessive tax assessments, penalties, and interest due to IRS error, administrative and collection costs not warranting collection of the amount due, unpaid assessments discharged in bankruptcy, and IRS acceptance of partial payment of unpaid tax assessment in settlement of the balance due. With the exception of estimated income tax, assessments and abatements can apply to any tax year. Therefore, the abatements in Fiscal Year 2004 (columns 3 through 6) may not be altogether comparable to the assessments (columns 1 and 2) because they reflect different tax years. As a result, when the number or amount of abatements is subtracted from the number or amount of assessments in this table, it is possible for the abatements to exceed the assessments. When this occurs, the result is a negative frequency or amount (columns 7 and 8). In addition to the assessments and abatements shown, the law required that interest be charged on late payments. Such interest is not reflected in the data. Net interest in Fiscal Year 2004 totaled \$4.2 billion on individual returns and \$4.3 billion on business returns.

[1] Certain civil penalties have been identified as having been abated due to reasonable cause judgment made by an IRS employee following specific guidelines. Other abatements are made because of a decrease in the underlying tax.

[2] Includes failure to supply taxpayer identification number, failure to report tip income, and miscellaneous.

[3] Represents penalties associated with Forms 1120 (corporation income tax return series); 990-C (farmers' cooperatives); and 990-T (tax-exempt organization business income tax).

[4] Represents penalties associated with Forms 940 (employer's unemployment tax); 941 (employer's employment tax); 942 (household employment tax); 943 (agricultural employment tax); 945 (withheld income tax); 1042 (return of withheld income tax on U.S.-source income of foreign person); and CT-1 (railroad retirement tax).

[5] Represents penalties associated with Forms 11-C (occupational tax and registration, wagering); 720 (basic excise tax return); 730 (wagering tax); 990 (basic tax-exempt organization return); 990-PF (private foundation); 1041-A (trust accumulation of charitable amounts); 2290 (highway heavy vehicle use tax); 4720 (excise tax, charities); and 5227 (split-interest trusts).

[6] Represents penalties associated with Forms 706 (estate tax) and 709 (gift tax).

[7] Represents penalties associated with Forms 1041 (estate and trust income tax); 1065 (partnerships); and individual retirement arrangements (IRA's).

[8] Represents penalties assessable under the Tax Equity and Fiscal Responsibility Act of 1982 and the Tax Reform Acts of 1984 and 1986. Examples include failure to file Form W-2 (wage and tax statement); failure to file proper information returns (such as the Form 1099 for payers reporting interest or dividend distributions); and the penalty for promoting an "abusive tax shelter."

NOTES: An "abatement" is a reduction of tax assessment and related interest and penalties resulting from excessive tax assessments, penalties, and interest due to IRS error, administrative and collection costs not warranting collection of the amount due, unpaid assessments discharged in bankruptcy, and IRS acceptance of partial payment of unpaid tax assessment in settlement of the balance due. With the exception of estimated income tax, assessments and abatements can apply to any tax year. Therefore, the abatements in Fiscal Year 2003 (columns 3 through 6) may not be altogether comparable to the assessments (columns 1 and 2) because they reflect different tax years. As a result, when the number or amount of abatements are subtracted from the number or amount of assessments in this table, it is possible for the abatements to exceed the assessments. When this occurred, the result is a negative frequency or amount (columns 7 and 8). In addition to the assessments and abatements shown, the law required that interest be charged on late payments. Such interest is not reflected in the data. Net interest in Fiscal Year 2003 totaled \$4.2 billion on individual returns and \$3.4 billion on business returns.

[1] Certain civil penalties have been identified as having been abated due to reasonable cause judgment made by an IRS employee following specific guidelines. Other abatements are made because of a decrease in the underlying tax.

[2] Includes failure to supply taxpayer identification number, failure to report tip income, and miscellaneous.

[3] Represents penalties associated with Forms 1120 (corporation income tax return series); 990-C (farmers' cooperatives); and 990-T (tax-exempt organization business income tax).

[4] Represents penalties associated with Forms 940 (employer's unemployment tax); 941 (employer's employment tax); 942 (household employment tax); 943 (agricultural employment tax); 945 (withheld income tax); 1042 (return of withheld income tax on U.S.-source income of foreign person); and CT-1 (railroad retirement tax).

[5] Represents penalties associated with Forms 11-C (occupational tax and registration, wagering); 720 (basic excise tax return); 730 (wagering tax); 990 (basic tax-exempt organization return); 990-PF (private foundation); 1041-A (trust accumulation of charitable amounts); 2290 (highway heavy vehicle use tax); 4720 (excise tax, charities); and 5227 (split-interest trusts).

[6] Represents penalties associated with Forms 706 (estate tax) and 709 (gift tax).

[7] Represents penalties associated with Forms 1041 (estate and trust income tax); 1065 (partnerships); and individual retirement arrangements (IRA's).

[8] Represents penalties assessable under the Tax Equity and Fiscal Responsibility Act of 1982 and the Tax Reform Acts of 1984 and 1986. Examples include failure to file Form W-2 (wage and tax statement); failure to file proper information returns (such as the Form 1099 for payers reporting interest or dividend distributions); and the penalty for promoting an "abusive tax shelter."

NOTES: Detail may not add to totals because of rounding. An "abatement" is a reduction of tax assessment and related interest and penalties resulting from excessive tax assessments, penalties, and interest due to IRS error, administrative and collection costs not warranting collection of the amount due, unpaid assessments discharged in bankruptcy, and IRS acceptance of partial payment of unpaid tax assessment in settlement of the balance due. With the exception of estimated income tax, assessments and abatements can apply to any tax year. Therefore, the abatements in Fiscal Year 2001 (columns 3 through 6) may not be altogether comparable to the assessments (columns 1 and 2). As a result, when abatements are subtracted from the assessments in this table, it is possible for the abatements to exceed the assessments (columns 7 and 8). When this occurred, the result is a negative frequency or amount. In addition to the assessments and abatements shown, the law required that interest be charged on late payments. Such interest is not reflected in the data. Net interest in Fiscal Year 2001 totaled \$3.2 billion on individual returns and \$6.0 billion on business returns.

[1] Certain civil penalties have been identified as having been abated due to reasonable cause judgment made by an IRS employee following specific guidelines. Additional abatements are made because of a decrease in the underlying tax.

[2] Includes failure to supply taxpayer identification number, failure to report tip income, and miscellaneous.

[3] Represents penalties associated with Forms 1120 (corporation income tax return series); 990-C (farmers' cooperatives); and 990-T (tax-exempt organization business income tax).

[4] Represents penalties associated with Forms 940 (employer's unemployment tax); 941 (employer's employment tax); 942 (household employment tax); 943 (agricultural employment tax); 945 (withheld income tax); 1042 (return of withheld income tax on U.S.-source income of foreign person); and CT-1 (railroad retirement tax).

[5] Represents penalties associated with Forms 11-C (occupational tax and registration, wagering); 720 (basic excise tax return); 730 (wagering tax); 990 (basic tax-exempt organization return); 990-PF (private foundation); 1041-A (trust accumulation of charitable amounts); 2290 (highway heavy vehicle use tax); 4720 (excise tax, charities); and 5227 (split-interest trusts).

[6] Less than \$1,000.

[7] Represents penalties associated with Forms 706 (estate tax) and 709 (gift tax).

[8] Represents penalties associated with Forms 1041 (estate and trust income tax); 1065 (partnerships); and individual retirement arrangements (IRA's).

[9] Represents penalties assessable under the Tax Equity and Fiscal Responsibility Act of 1982 and the Tax Reform Acts of 1984 and 1986. Examples include failure to file Form W-2 (wage and tax statement); failure to file proper information returns (such as the Form 1099 for payers reporting interest or dividend distributions); and the penalty for promoting an "abusive tax shelter."

NOTES: An "abatement" is a reduction of tax assessment and related interest and penalties resulting from excessive tax assessments, penalties, and interest due to IRS error, administrative and collection costs not warranting collection of the amount due, unpaid assessments discharged in bankruptcy, and IRS acceptance of partial payment of unpaid tax assessment in settlement of the balance due. With the exception of estimated income tax, assessments and abatements can apply to any tax year. Therefore, the abatements in Fiscal Year 1999 (columns 3 through 6) may not be altogether comparable to the assessments (columns 1 and 2). As a result, when abatements are subtracted from the assessments in this table, it is possible for the abatements to exceed the assessments (columns 7 and 8). When this occurred, the result is a negative frequency or amount. In addition to the assessments and abatements shown, the law required that interest be charged on late payments. Such interest is not reflected in the data. Net interest totaled \$4.3 billion on individual returns in Fiscal Year 1999 and \$3.0 billion on business returns.

NOTE: Detail may not add to totals due to rounding. With the exception of estimated tax, assessments and abatements can apply to any tax year. When the number and/or amount of abatements exceeds assessments the result(s) will be a negative number and/or credit amount. Additionally, the law requires that interest be charged on late payments. Net interest totaled \$5.2 billion on individual returns and \$4.3 billion on business returns.
