Number of AMT Taxpayers (millions). Baseline: 4.5

Proposal: 4.4

(1) Calendar year. Baseline is current law. Proposal would (a) provide incentives for job creation, clean energy, and manufacturing; (b) provide incentives for investment in infrastructure; (c) increase earned income tax credit for taxpayers without qualifying children by doubling maximum credit and expanding age eligibility; (d) expand child and dependent care credit for qualifying children under 5; (e) exclude Pell Grants from income and tax credit calculations; (f) limit the value of itemized deductions and certain other deductions and exclusions to 28 percent; (g) enact the Fair Share Tax ("Buffett rule"); (h) impose a financial crisis responsibility fee; (i) tax carried interests (profits) as ordinary income; (j) limit accrual in tax favored retirement accounts; (k) conform SECA taxes for professional service businesses; (l) reinstate Superfund income and excise taxes; (m) increase tobacco excise taxes and index for inflation; (n) make unemployment insurance surtax permanent and expand FUTA base; (o) eliminate deduction for dividends from employee stock ownership plans; and (p) simplify rules for claiming the childless EITC. For a description of TPC's current law baseline, see:

http://www.taxpolicycenter.org/taxtopics/Baseline-Definitions.cfm

(2) Includes both filing and non-filing units but excludes those that are dependents of other tax units. Tax units with negative adjusted gross income are excluded from their respective income class but are included in the totals. For a description of expanded cash income, see http://www.taxpolicycenter.org/TaxModel/income.cfm

- (3) After-tax income is expanded cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); and estate tax.
- (4) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, and the estate tax) as a percentage of average expanded cash income.

(1) Calendar year. Baseline is current law. Proposal would (a) provide incentives for job creation, clean energy, and manufacturing; (b) provide incentives for investment in infrastructure; (c) increase earned income tax credit for taxpayers without qualifying children by doubling maximum credit and expanding age eligibility; (d) expand child and dependent care credit for qualifying children under 5; (e) exclude Pell Grants from income and tax credit calculations; (f) limit the value of itemized deductions and certain other deductions and exclusions to 28 percent; (g) enact the Fair Share Tax ("Buffett rule"); (h) impose a financial crisis responsibility fee; (i) tax carried interests (profits) as ordinary income; (j) limit accrual in tax favored retirement accounts; (k) conform SECA taxes for professional service businesses; (l) reinstate Superfund income and excise taxes; (m) increase tobacco excise taxes and index for inflation; (n) make unemployment insurance surtax permanent and expand FUTA base; (o) eliminate deduction for dividends from employee stock ownership plans; and (p) simplify rules for claiming the childless EITC. For a description of TPC's current law baseline, see:

 $\underline{\text{http://www.taxpolicycenter.org/taxtopics/Baseline-Definitions.cfm}}$

(2) Includes both filling and non-filling units but excludes those that are dependents of other tax units. Tax units with negative adjusted gross income are excluded from their respective income class but are included in the totals. For a description of expanded cash income, see

http://www.taxpolicycenter.org/TaxModel/income.cfm

- (3) After-tax income is expanded cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); and estate tax.
- (4) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, and the estate tax) as a percentage of average expanded cash income.
